WHY EVENTS WA?

- 25+ years experience developing and managing camps, tours and events for WA schools. Much more than a travel agent booking your group.
- Events WA's education background combined with additional travel and tours itinerary development experience means we don't just make your bookings, we manage your destination in every detail leaving you to manage your school performances and student development.
- You CAN afford us: we purchase at wholesale rates and prepare budgets based on these rates. This means that most of our fees are recoverable from the difference between the rates at which we can purchase and those that you can purchase.
- We customise our tours to suit your vision, budget and objectives.
- We reduce your workload and provide you, your school, students, staff and parents with a first class, value for money experience.

"Our best tour ever" Rhoda Parker, HOLA, Performing Arts, Rossmoyne Senior High School, 2007

"Ralph has made an important contribution by establishing well structured and well tried formats that apply to the overall management of our activities...this involves complicated logistics and quite large budgets. Thus whilst school staff must accept final responsibility, the fact that they are able to rely on an experienced, competent and reliable organiser to handle the logistics of such events, makes them much more manageable than otherwise."

John Feutrill, Principal, Woodvale SHS, 1985-2006
